

DEFENDS SMOOT  
IN THE SENATE

Senator Hopkins Makes First  
Speech for Utah Mormon,  
Who Has Been Protested.

DECLARES THAT HE  
IS WELL QUALIFIED

Strong Plea for Seating Smoot  
Is Made by Illinois Senator  
—Is Backed Up by Senator  
Beveridge—Cites Precedent

By Associated Press.  
WASHINGTON, January 11.—The first speech in defense of the right of Reed Smoot of Utah to a seat in the senate was delivered today by Senator Hopkins of Illinois. Hopkins took the position that senators are not federal officers to the extent that the senate could pass upon their qualifications and eligibility or impeach them for high crimes or misdemeanors. If a senator is to be punished, it must be done by state or federal courts. Only federal officers, he maintained, are impeachable, and impeachment must be for acts committed as such federal officers.

Century Old Precedent  
A precedent cited was the unsuccessful effort to impeach Senator Blount of Tennessee, who was charged with treasonable correspondence with a foreign nation more than a hundred years ago. The conclusion arrived at then, Hopkins said, has never been reversed and that was, that the senate had no right to try the case, as Blount was not an officer of the United States.

Referring directly to Smoot's case, he continued: "It is conceded by the chairman of the committee on privileges and elections that Smoot possesses all the qualifications spoken of in the constitution itself.

Is Not a Polygamist  
"That he is not a polygamist, that he never married plural wives and never practiced polygamy, that he is a man, in personal relations as son, as husband, as father and citizen, above reproach; that in all of the relations of citizenship he has lived a singularly pure and upright life.

"Why, then," he asked, "should he be expelled from this body, disgraced, dishonored for life, a stigma placed upon his children, his life wrecked and the happiness of his wife destroyed?" "He is a Christian gentleman and his religious belief has taken him into the church of Jesus Christ of the Latter Day Saints, commonly called the 'Mormon church.'"

Mr. Hopkins said that he felt sure that those representing the protestants would not contend that there was any apostolic oath which had been taken by Smoot which would prevent him from discharging his duties as a senator.

A Relic of Barbarism  
Hopkins sympathized, he said, with the denunciation of polygamy made by Burrows in a recent speech. "It was," he said, "a relic of barbarous ages and a destroyer of the ideal American home and he had no sympathy with the practice.

"If the members of any Christian church were to be charged with all the crimes that have been committed in its name, where is the Christian gentleman in this body who would be safe in his seat?"

An extended history of the Mormon church was given by Hopkins, who concluded that the testimony taken before the committee showed a radical change for the better and that Smoot represented a higher and better Mormonism.

Supported by Beveridge  
Beveridge supplemented Hopkins' speech by a statement that the country should be informed that Smoot was not never had been a polygamist.

Senator Fulton asked Hopkins whether the Mormon church had recognized the polygamous marriages which the evidence shows have taken place since the manifesto of 1890.

Senator Hopkins said the church has not recognized those marriages and that under the laws of the Mormon church today such marriages are not permitted and that the parties contracting them knew they were violating both the civil law and the church law and for that reason all of these marriages had been consummated in Canada.

Senator Dubois of Idaho wanted to know where and when Smoot had ever placed himself on record as condemning polygamy. Hopkins replied that Smoot had twenty or forty times before the committee stated his position and that his whole life and every fiber of his being was a protest against polygamy.

STEAMSHIP PONCE  
SAFE BUT DISABLED

By Associated Press.  
NEW YORK, January 11.—The steamship Ponce, disabled but safe, is

riding at anchor in St. George bay, Bermuda, tonight and the crew of fifty-two people and seventy-two passengers aboard the Ponce are reported as well. This assurance was received direct from Captain W. A. Harvey by the owners this evening. Today's cable reported that the long overdue steamer reached harbor in tow of the German steamer Elizabeth Rickmos.

Funeral of C. F. Morrell  
The funeral of the late Charles F. Morrell, who died in Globe a few days ago, was held yesterday afternoon at the parlors of Easterling & Whitney. It was attended by a large membership of the local Elks lodge, to which he belonged and of which lodge he helped to organize a number of years ago. The first news of his death was unaccompanied by any details. It was learned later that he died very suddenly, presumably from heart disease, as he had retired in his usual health and was found dead in bed the next day, a book he had been reading lying by his side.—Republican.

SMUGGLED JAPS  
ARE CAPTURED

Headed by One in Uniform, Six  
of Mikado's Subjects Cap-  
tured in New Mexico

By Associated Press.  
EL PASO, Texas, January 11.—Six Japanese headed by a soldier in the uniform of his country were captured at Anapra, N. M., today by Immigration Inspector Cox. The Japanese had been under the guidance of a Mexican and had smuggled themselves across the border by wading the Rio Grande. They were brought here and will be held by immigration officials pending orders from Washington.

CALIFORNIA HAS  
IDAHO SYMPATHY

Resolution Introduced in Legis-  
lature Attacking President  
Roosevelt

SALT LAKE CITY, Utah, January 11.—A special to the Tribune from Boise, Idaho, says:

"In the house today Representative Seawell, Democrat, offered the following joint resolution:

"Whereas, The president of the United States, taking advantage of his high office, has through an official message, and in threatening language, declared himself antagonistic to the citizens of California in the oriental school question; and

"Whereas, Action taken by the citizens of California is the result of ripe experience and knowledge gained by actual and continued contact with the questions; and

"Whereas, The president insists upon an equality of the two races; therefore, be it

"Resolved, That we express our confidence in the judgment, fairness and patriotism of our fellow American citizens of the state of California and the belief that to their ability they are upholding the standard of American citizenship, civilization and morality.

"Resolved, That for the best interest of the Japanese and Americans, it is desirable that the Japanese be excluded from this country in the same way and to the same extent that Chinese are now excluded.

"Resolved, That copies of this resolution be forwarded to our members of congress and they be requested to act in accordance therewith."

Indiana To Be  
FOR FAIRBANKS

Acting Chairman of National  
Committee Says State Will  
Support Vice President

By Associated Press.  
WASHINGTON, January 11.—A conference over the Republican national committee affairs was held today. Participating there were Postmaster General Cortelyou, the retiring chairman of the committee; Harry S. New of Indianapolis, acting chairman, and Elmer Dover, secretary.

Later New said: "If Vice President Fairbanks allows his name to be presented at the next Republican national convention as a candidate for the presidency, and I take it for granted he will, he will receive the hearty and unanimous support of the Indiana delegation."

When asked if a special meeting of the national committee will be called to accept Chairman Cortelyou's resignation, the acting chairman replied: "The next meeting of the Republican national committee will be held in Washington next December, at which time Mr. Cortelyou's successor will be chosen and the time and place of holding the next national convention will be decided upon."

SULTAN AGAIN  
GLOBE'S MAYOR

Council Appointed by Board of  
Supervisors Yesterday Has  
Three New Members.

COUNCIL MEETS AND  
SELECTS EXECUTIVE

Another Meeting Today to Ele-  
vate Globe from Town to  
City—Appointments Will  
Follow—Many Petitions.

Mayor  
WILLIAM S. SULTAN  
Councilmen  
ANTON TROJANOVICH  
SAM L. GIBSON  
LYMAN J. WOODS  
CHARLES T. MARTIN  
G. S. VAN WAGENEN  
DENNIS MURPHY

The above named gentlemen were selected as the council of the town of Globe by the board of supervisors yesterday, and last evening the councilmen met and selected Mr. Sultan as mayor by unanimous vote.

The action of the board of supervisors was not anticipated, as it was supposed that all of the members of the old board were to be appointed. The board, however, could not reach an agreement to that effect, and it was finally agreed that four members of the former council who had been the most active in securing incorporation should be appointed with three others. W. S. Sultan, who was mayor under the former organization, Anton Trojanovich, Sam L. Gibson and Lyman J. Woods, members of the former council, were selected for the new, together with Charles T. Martin, G. S. Van Wageningen and Dennis Murphy.

The action of the board seems to have met with almost unanimous approval, and in the selection of Messrs. Van Wageningen, Murphy and Martin to act with the former councilmen, they could not have chosen three more representative citizens of Globe.

First Meeting of Council  
It did not take the new council long to get into action and a meeting was held last evening for the purpose of organizing and talking over preliminary plans.

The council met in the office of Charles T. Martin last evening and after the oath of office had been administered, G. S. Van Wageningen was chosen temporary chairman and F. J. Elliott temporary clerk. Nominations for mayor being in order, Mr. Martin nominated Mr. Sultan and as there were no further nominations, he was declared elected to the office.

No action was taken on appointments last evening and there will be no appointments made until the council meets and resolves itself into a board of aldermen and the town of Globe into a city. It was decided to hold the next meeting this afternoon at 2 o'clock, when a resolution will be adopted making Globe a city.

It is not known whether or not any appointments will be made at this meeting. Yesterday there were a number of petitions placed in circulation in behalf of several citizens who desire appointive offices. Just what effect these will have on the council cannot be anticipated, but it has been suggested that the time and place of the meeting at which appointments will be made should be kept secret in order to leave the council free to act without the embarrassment of having present the many who wish to get their feet in the trough.

At the adjournment of the meeting last evening the city was appropriately christened at the Dominion hotel, with Mayor Sultan acting as master of ceremonies.

CHINESE LOCKED  
IN CAR A MONTH

Five Celestials Smuggled Over  
Caught in Los Angeles  
with Accessory

By Associated Press.

LOS ANGELES, Cal., January 11.—The practice of smuggling Chinese into the United States from Mexico, using Santa Ana as one station and the Pacific Electric company as the means of distribution, is believed to have been discovered by the arrest this morning of five Chinese charged with being illegally in the country, and Leu Quong Shue, a well known local Chinese merchant, as an accessory.

The arrest was made as the Chinamen were leaving a Santa Ana car at the Huntington building by Inspector McGinnis.

While the group of Chinamen and officials were standing in front of the jail two of the Chinese bolted. One escaped, but the other was recaptured after a long chase. This morning the prisoners were held to answer before United States Commissioner Van Dyke.

How the Chinamen succeeded in entering the country is a story of frightful hardship. The immigration officials say that a full month they were locked

in a boxcar and would have starved except for the little coarse food they carried. The length of time they were in the car leads to the belief that they came from El Paso.

NEW SENATOR CHOSEN  
BY KANSAS REPUBLICANS

TOPEKA, Kan., January 11.—Congressman Charles Curtis was nominated for United States senator to succeed Senator Benson by a caucus of the Republicans in the legislature tonight.

The action of the caucus is equivalent to election.

GLOBE'S GAIN IN  
P. O. RECEIPTS

Increase of Over 50 per Cent  
Over Last Year and Dou-  
ble Preceding Year

The great growth of Globe during the past two years can best be attested by the increase in the local postoffice receipts. Postmaster Allison has just compiled his figures for the last year and they should be a source of much encouragement to every resident of the city.

For the year ending December 31, 1906, the receipts of Globe postoffice were \$15,410.80, an increase of over 50 per cent over the receipts of the year ending December 31, 1905, which were \$10,181.24. During the last two years there has been an increase of over 100 per cent, the receipts for the year 1904 being slightly over \$7,600.

The fiscal year of the postal department ends March 31 and Postmaster Allison is authority for the statement that the receipts for the local office for the year ending March 31 next will be over \$16,000.

The number of articles registered at the local office for the month of December, 1906, was 1,590.

TRUST BUSTING  
NOT SUCCESSFUL

Phoenix Not Having Any Luck  
with Her Octopi—Ice Trust  
Not a Trust

The trust-busting has so far settled nothing and two of the cases have been disposed of, having gone off on technicalities, says the Phoenix Republican. It is likely that the same subjects will be presented to the next United States grand jury for re-investigation. The case of the United States against the Peoples' Ice & Fuel company was before the court yesterday.

An effort was made to show that a combination had been formed in the organization of the City Ice Delivery company and it was pretty well established that there was a combination of the interests of the Peoples' company and S. D. Lount & Son.

The indictment, however, had sought to show that W. B. Lount, the manager of the company, and who had been personally indicted, had entered into the combination in his managerial capacity. The evidence disclosed, however, that he was only one of the three members of the firm of S. D. Lount & Son. Messrs. Bullard and Chalmers accordingly moved the court to instruct the jury to acquit on the ground of a variance between the allegation in the indictment and the proof. The motion was allowed.

Among the witnesses were Paul Brizard, a former member of the Arctic Ice company, and also a member of the original Ice Delivery; President F. M. Avis of the Peoples' company, Charles Dunlap of the Peoples' ice company; J. Howard Wood of the Tempe Ice company and Perry Williams of Maricopa.

Mr. Avis on his first appearance on the stand testified that W. B. Lount was the person with whom the contract for the forming of the City Ice company was made. Later, he corrected that statement, having refreshed his memory, and said that the agreement was signed by S. D. Lount & Son, by W. B. Lount as manager. Of the fact of the agreement there was left no doubt, though the case did not proceed to the determination of the criminal character of it.

There were several tilts between United States Attorney Alexander and Mr. Bullard. At one point the United States attorney mentioned that he was annoyed by Mr. Bullard walking back and forth behind him muttering because a ruling had gone against him.

Mr. Wood of Tempe recited an understanding which had been reached with Mr. Lount and Mr. Avis with reference to the sale of ice in Maricopa. Mr. Wood had been given a copy of a letter which had been written either by Mr. Lount or Mr. Avis to a customer at Maricopa requesting him in the future to buy his ice at Tempe. The testimony of Mr. Williams was a little more explicit on this point. He had a letter, though he had destroyed it, but remembered the substance of it, informing him that an agreement had been reached by the ice-men of the valley that no factory should ship ice past the factory of any other company.

After the conclusion of the testimony of Mr. Williams the motion to direct came up and was allowed. The cases of the government against P. T. Hurley and others and against the T. W. Chamberlain Lumber company were set for tomorrow.

PREPARING TO  
PROBE BAILEY

Legislature Will Ascertain if  
Senator Has Been Tainted  
with Pierce Oil.

INVESTIGATION OF  
NEBRASKA SENATOR

Fusionist Legislator Wants the  
Charges Against Brown  
Looked Into—Brown Says  
Railroads Behind Attack.

By Associated Press.

AUSTIN, Texas, January 11.—Fourteen members of the body composing the Texas legislature signed a resolution today demanding an investigation of Senator Bailey and Attorney General Davidson in connection with the readmission of the Waters-Pierce Oil company into Texas. The resolution will be debated next Monday, when it is said Bailey and Davidson will be present. The house tomorrow morning will give consideration to a like resolution.

Early today the house refused to consider the matter in any form, but later a special order was obtained. Bailey's supporters tonight prepared a resolution which will be offered tomorrow as a substitute for the one now before the body. The substitute seeks to offset the charges made against Bailey in the first resolution, stating that he has admitted all alleged connections with Pierce, Kirby and the Tennessee Coal company and successfully resisted the charges made.

Bailey's resolution suggests that the speaker appoint a committee of seven members who shall pass upon the Bailey-Waters-Pierce Oil case. If they decide there is a foundation for the charges they shall so report to the legislature, which then can decide as to the charges to be preferred.

Both factions are active tonight in preparing for tomorrow's contest.

Nebraska Investigation

LINCOLN, Neb., January 11.—Representative Van Housen, a fusionist, today proposed a resolution asking for a legislative investigation of Norris Brown, ex-attorney general and Republican nominee for United States senator. The resolution went over until Monday under rules.

It recites arguments upheld by the Democrats in the last state campaign, alleging that Brown entered into an agreement with representatives of the grain trust and printing companies to press suits brought by the state extending unlawful clemency. In a statement issued tonight Brown flatly denies these charges and Chairman Rose of the state Republican committee says the move is backed by the railroad interests.

RIPLEY'S CAR  
SHORTAGE CURE

President of Santa Fe Says:  
"Let the Railroads Alone"  
and Tells Why

By Associated Press.

TOPEKA, Kan., January 11.—E. P. Ripley, president of the Santa Fe railroad, in a statement issued today regarding the car shortage situation, said: "The best remedy I can suggest is to let the railroads alone. If they are not hampered by restrictive legislation and if they can maintain their credit so as to obtain necessary funds they will soon get their heads above water and be able to take care of their business."

Ripley declared that the railroads have done their utmost to provide adequate facilities and if they have not succeeded it is not their fault. Every locomotive and car shop, he said, has been worked to full capacity for at least two years past.

GUGGENHEIM'S  
SENATORSHIP

Effort to Investigate Purchase  
of Seat by Millionaire  
Smelterman Fails

By Associated Press.

DENVER, January 11.—Senator K. H. Crowley, Democrat, introduced in the upper house of the legislature today a resolution providing for the appointment of a committee to investigate Simon Guggenheim's alleged purchase of the United States senatorship, for which he recently received the endorsement of the Republican caucus.

Senator Crowley cited published reports charging the use of money to secure the election of members pledged to vote for Guggenheim, and declared

that for the good of the state action should be taken.

"This is not a Democratic party measure," declared Crowley. "I wish to declare that I have no prejudice against Guggenheim either politically, religiously or otherwise, but I do not want to be characterized as having been a member of a legislature that was bought."

After a stormy debate the resolution was tabled by a vote of eighteen Republicans to eleven Democrats, the vote being strictly on party lines. Senator Fred Parks then moved that the matter be expunged from the records, and this occurred by a viva voce vote.

SEVEN MILLIONS  
OF ORE IN SACKS

Thirteen Carloads of Precious  
Ore from Goldfield Mines  
at Sacramento

By Associated Press.

SACRAMENTO, Cal., January 11.—Thirteen cars loaded with Goldfield ore valued at \$7,000,000 arrived in this city tonight and will remain on the spur north of the depot all night closely guarded by eight heavily armed men. The ore is for Vallejo Junction, where it will be treated in the reduction works and turned into shining bars of gold and silver.

Each car contains 100,000 pounds of precious mineral carefully sacked. Every piece of ore is a specimen and gold can be seen in any of it. This is the largest and richest shipment of ore that has left Goldfield in several months.

WILL RESENT  
ENCROACHING

Death of Shah of Persia Brings  
Up International Question  
of Moment

By Associated Press.

LONDON, January 11.—Pacific views held in German official circles with regard to the second peace conference at The Hague have even further minimized the possibility of international complications as a result of the death of the shah of Persia. At the same time the determination of Germany to maintain equal trade opportunities in Persia is noted here as being in direct conflict with the aims of negotiations pending between Great Britain and Russia.

In return for Great Britain's acknowledgment of Russia's preponderance in the north along the Russian frontier, Emperor Nicholas will recognize Great Britain's interest in the south to protect the route to India. This is all Great Britain asks, being in line with the announcement that Great Britain would take every means in her power to prevent other countries from having a naval base or fortified base in Persian territory which would menace her Indian empire.

Officials here are inclined to concur in the German view that every attempt of Germany to procure commercial ascendancy in Persia will tend to unite Great Britain and Russia in a common measure of defense.

The desire of the United States and Germany to refrain from urging Russia to fix a date for assembling The Hague conference is now shared here. The opinion appears to be strengthening in official quarters that the question of limitation of armaments, however commendable, will not command sufficient support to permit its being discussed to finality by the conference.

ENCAMPMENT  
INSTALLATION

Newly Elected Officers of Gila  
Lodge Are Placed in  
Office

The officers of Gila Encampment No. 3, I. O. O. F., recently elected for the coming year were installed in office last evening with appropriate ceremonies at Odd Fellows' hall. The installation was in charge of Grand Patriarch Charles W. Slack and he was assisted by Grand Junior Warden A. Frances.

After the installation the members of the order who were present repaired to the Del Monte cafe, where a tempting banquet was served and a general good time indulged in. The following are the officers installed by the encampment last evening:

H. Livingston, C. P.  
E. C. Brite, H. P.  
O. G. Berry, S. W.  
T. P. Howard, J. W.  
E. Middleton, scribe.  
P. E. Anderson, treasurer.  
J. P. Oates, first watch.  
J. C. Bell, second watch.  
J. W. Brown, third watch.  
S. E. Sandler, third watch.  
W. J. Feagles, guide.  
D. Lloyd, inside sentry.  
E. Lloyd, outside sentry.  
H. C. McCullar, guard tent.  
H. B. Pratt, guard tent.

STRONG WORDS  
FROM VATICAN

Pope Issues Encyclical Which  
So Far as Suggests Reli-  
gious War in France.

CAN ONLY EMBITTER  
CHURCH-STATE CONTEST

Paris Paper Says It Is Proof  
That Vatican Is Determined  
to Continue War—Govern-  
ment Will Answer Encyclical.

By Associated Press.

ROME, January 11.—Osservatore Romano, the organ of the Vatican, today published a text of an encyclical addressed by the pope to cardinals, bishops, clergy and the French people. The pontiff said that the chief object in addressing the faithful in France was to comfort them in their sufferings, which he felt deeply. There was, however, great consolation in the fact that the Catholics of France stand united. The French government's declaration was not only against the Christian faith, but against all spiritual ideals. The French Catholics must be prepared for all sorts of trials, but were certain of final victory. Contrary to statements on the subject, the church did not desire a religious war involving violent persecutions. Being a missionary of peace and carrying out a mission of loyalty, the church did not willingly express herself to war and persecutions, as she did not desire to see her children suffering. Regarding the ecclesiastical properties, the encyclical said Rome had not abandoned them. Continuing, the pope said: "We have been accused of prejudice and inconsistency. It has been said we refused to approve in France what we already approve in Germany. This reproach is unjust and unfounded. The German law explicitly recognizes the Catholic hierarchy, while the French does not."

"Although her divine founder was born poor in a stable and died poor on a cross, and although the church knows poverty from the cradle, the property she was possessed of nevertheless belonged to her and no one has the right to deprive her of it.

"The statement that the government is disposed to abandon the property of the church is adding derision to spoliation. From the point of view of exercise of religion, the new law has organized anarchy. It installs a regime of uncertainty and arbitrariness. The new law aggravates the law separating the church and the state. We can only condemn it with precision and without ambiguity.

"Certain articles of law throw new light on the real aim of our enemies. They wish to destroy the church and de-Christianize France without attracting too closely the attention of the people."

Embitters Contest  
PARIS, January 11.—The pope's unreserved condemnation of the new separation law, while expected, can only result in further embittering the contest between the church and state, as the French bishops who are about to assemble must follow the orders of Rome, regardless of individual ideas. The Temps considers the encyclical as proof that the Vatican is determined to continue the war. It is expected that the government will soon reply to the encyclical either in the form of a communique or by a declaration in parliament.

Half Million Chinese in Bad  
Shape—Eating Grass Roots,  
Twigs and Leaves

By Associated Press.

SHANGHAI, China, January 11.—Captain Kirtson, the foreign relief commissioner in the famine camp at Tsing Kiang Fu, describes the refugee camps as consisting of sheds arranged in rectangular groups, in street formation, two miles long and a mile wide. In other camps in the vicinity of Tsing Kiang Fu are nearly half a million refugees. The roads were thronged with rice peddlers. Women tear up roots of grass for food and are cooking leaves and twigs. One hundred thousand men are absolutely idle. Though it would not be difficult to organize the relief work, none has yet been started. If the inaction continues it will be a gigantic problem to face. The end cannot be foreseen.

Fair Weather  
By Associated Press.

WASHINGTON, January 11.—Forecast for Arizona: Fair-Saturday and Sunday.
